Debt of the Town March 1, 1872	\$50,400 00
" " " 1873	29,086 85

The Town debt has been reduced by the exchange of State reimbursement bonds for Town war bonds and notes payable to the amount of

\$19,000

Notwithstanding the vote passed at the last annual town meeting, authorizing the Selectmen "to employ experts to advise and assist the Treasurer," and to raise and appropriate money to defray the expense of the same, no change has been made in the method of keeping the books.

The manner of keeping the books is established by the Rules adopted by the Town May 8, 1858.

The 10th section of the By Laws thus adopted, requires that the books of the Town shall be kept "by the double entry system, and separate accounts shall be opened with each object for which appropriations are made."

The books having been kept in strict conformity to the Rules, no change can, with propriety, be made, excepting by amendment of the section above referred to.

The following is taken from the Auditor's certificate for 1863 :

The accounts have been kept strictly in accordance with the system of Book-keeping adopted by the town.

W. D. KNAPP, }
OLIVER H. LORD, } *Auditors.*

February 28, 1863

Substantially the same has been every certificate of the Auditors since the adoption of the Rules.

So far as the vote relates to "drawing off the balance sheet," the Treasurer regrets that he is not able to make the trial balance of the town books any more intelligible than that of last year.

He has subjected himself to personal expense and trouble to procure the services or instructions of expert accountants.

While none suggest any change in our balance sheet, all agree that there has been but little or no improvement for years in balances and multiplication tables.

S. S. ROLLINS, Treasurer.

The undersigned, Auditors of Town Accounts for year ending March 1, 1873, having attended to that duty, report : That they find the payments duly vouched, and the accounts correctly posted and accurately footed, and kept agreeably to the method adopted by the town.

CHARLES E. BARTLETT, }
M. C. BURLEIGH, } Auditors.

ESTIMATE.

*In compliance with the rules adopted by the town, the Selectmen publish the following as their estimate of the amount of money required to be raised to defray the expenses of the town for the year ensuing :
